SHORE DISTRICT BOARD #194

– MENTOR PROGRAM –

(Established as of the 2004-2005 season)

The primary purpose of Shore Board #194 and IAABO is to educate, train, develop and provide continuous instruction for basketball officials. In addition, our goal is to have available at all times an adequate number of thoroughly trained and capable officials.

With this in mind, our mentoring program will provide provisional first and second year members with a veteran official as a Mentor to assist them in attaining the goals of the Board.

DESCRIPTION OF THE PROGRAM

1. The goal is for a Mentor to observe a minimum of two (2) of the Provisional Member's high school games. Our provisional status members will be evaluated by more than just their mentor. Our program is designed to have other qualified and appointed 'mentors' observe you during the season to offer you constructive advice, as well as through your official mentor.
2. The Provisional Member will in turn be required to go watch their Mentor officiate a minimum of two (2) high school games during the season.
3. Provisional Members will call their Mentor weekly to discuss the week's assignments. (A time period should be arranged between the Provisional Member and Mentor).
4. Provisional Members and Mentors should exchange schedules immediately upon receipt from assignor to facilitate observations. Additions/deletions to schedules shall be communicated to each another promptly to avoid errors. A copy of the Mentors and Provisional Members' schedules shall also be sent to the Coordinator of the Mentoring Program in a timely fashion.
5. Shore Board #194's Interpreter shall answer any questions concerning rule interpretations.
6. All of these requirements are to be met during the basketball season (Nov. – Mar.)

**ALL Provisional Members are REQUIRED to Participate
in the MENTOR PROGRAM**

(Edited Dec. 2021)

**SHORE DISTRICT BOARD #194
– CADET TRAINING PROGRAM –**

Shore Board 194's Training Program for new basketball officials is comprised of two parts during a 12-month period. First course is to be completed prior to a high school (HS) season (late Spring to Fall). Second course is conducted after the HS season (early to mid-Spring).

Once a candidate is enrolled in our training program, they are eligible to begin officiating games, with training support from our cadet program coordinators.

Officials in training (cadets) and Board 194 members are not employees of our organization. Therefore, it is up to each individual member to coordinate with assignors for game assignments. Game fees are paid by the schools, league, or teams you officiate.

Requirements:

- Must be at least 18 years old to become a member of our association
- Must be available to referee a minimum of six high school games each season between December and mid-February.
- Must pass a criminal background check completed through the NJSIAA's designated vendor
- Must become a registered member of the NJSIAA, our state high school athletic association
- Each cadet will be observed during a high school contest as part of our "floor evaluation" This, along with passing the IAABO exam with a score of 80% or better, will lead to membership with IAABO and Board 194
- Must complete both facets of training program to become a provisional member of Bd. 194
- Uniform consists of approved NJSIAA referee jersey, black pants, black sneakers and socks, fox-40 whistle. During the off-season, March – October, black shorts are permitted.

Cost of Training:

Part I (Prior to a high school season): \$175.00 fee for first part of program (in-person/hybrid); includes new referee jersey, whistle, and lanyard. Payment Structure: \$100 to begin, \$75 due no later than 30 days after starting.

Part II (After refereeing during a high school season): \$130.00 fee for the preparation of the IAABO U exam, additional on-court training, training materials, and membership dues.

Our Board offers two training options:

- 1) Hybrid model – course to learn the rules will be available online via IAABO U where a candidate can complete the modules at their pace during a 90-day window of time. One will also have to participate in on-court sessions where you meet with our trainers 5+ times on a basketball court to learn proper signals and positioning (mechanics) needed to referee effectively. These sessions are typically held on weekend mornings or during the week in the early evening. There is some flexibility and will work with cadets based on their availability.
 - a. Timeline – can begin online courses withing 7 days of the Board receiving payment.
 - b. On-court training sessions will be available from March through November each year.
- 2) In-person course – each fall, 8+ sessions will be held in-person from 7-9:30 pm. Instructors will teach the rules in person and provide on-court training sessions on signals and “mechanics”. For the second portion (course) of our program, the cadets will meet with an instructor(s) in preparation for taking and passing the IAABO examination, and to receive additional on-court training.

At the conclusion of their cadet training program, the cadets shall be enrolled in our Board’s Mentor Program. They are not eligible for Varsity game assignments until their fourth high school season. Provisional Members will meet periodically with a mentor to discuss improvement techniques, challenges, etc.

Cadets and provisional members are required to provide availability to officiate a minimum of six high school games during a season. Failure to do so may compromise participation in cadet program or membership to Shore Board #194. (Edited Sept. 2018)

CODE OF ETHICS

Officials at an interscholastic athletic event are participants in the educational development of high school students. As such, they must exercise a high level of citizenship, self-discipline, independence and responsibility. The purpose of this Code is to establish guidelines for ethical standards of conduct for all interscholastic officials.

Officials shall master both the rules of the game and the mechanics necessary to enforce the rules, and shall exercise authority in an impartial, firm and controlled manner.

Officials shall work with each other and their state associations in a constructive and cooperative manner.

Officials shall uphold the honor and dignity of the profession in all interaction with student-athletes, coaches, athletic directors, school administrators, colleagues, and the public.

Officials shall prepare themselves both physically and mentally, shall dress neatly and appropriately, and shall comport themselves in a manner consistent with the high standards of the profession.

Officials shall be punctual and professional in the fulfillment of all contractual obligations.

Officials shall remain mindful that their conduct influences the respect that student-athletes, coaches and the public hold for the profession.

Officials shall, while enforcing the rules of play, remain aware of the inherent risk of injury that competition poses to student-athletes. Where appropriate, they shall inform event management of conditions or situations that appear unreasonably hazardous.

Officials shall take reasonable steps to educate themselves in the recognition of emergency conditions that might arise during the course of competition.

Officials shall maintain an ethical approach while participating in forums, chat rooms and all forms of social media.

An Official must resist any temptation and outside pressure to use one's position as an Official to benefit oneself. Under all circumstances, Officials must avoid promoting the special interest of any person or group of persons other than the athletes we serve.

The Official shall avoid the use of tobacco product at the contest site.
